

DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee
Investigative Standards Working Group

19 September 1980

MEMORANDUM FOR: Chairman, Security Committee

STATINTL

FROM:

[REDACTED]
Acting Chairman

SUBJECT: Proposed DCID 1/14 Appeals Procedures (Annex B)

1. By now I had hoped to be able to report the results of our Working Group meeting on 28 August 1980. At that meeting, the Working Group held its final debate on some draft DCID 1/14 appeals procedures and voted to recommend their consideration by the Security Committee. I agreed to withhold final action until the dissenting members submitted written explanations for their negative votes, which they promised to send no later than 10 September.

2. I am still waiting for the explanatory note from the OSD representative who felt constrained to coordinate his reply with a number of people including his SECOM principal. Unfortunately, the OSD SECOM principal will not be available until after 22 September. As soon as I receive the OSD explanation, which is understood to contain a substitute proposal, I shall report the entire action to you with appropriate recommendations.
